How to Send an Image Link

1 Once logged into My UNC Chart, click on **Test Results.**

2

You will be brought to the test results screen. Locate the study you want to download and left click one time to open. In this example, we will be downloading the **CT Abdomen with Contrast.**

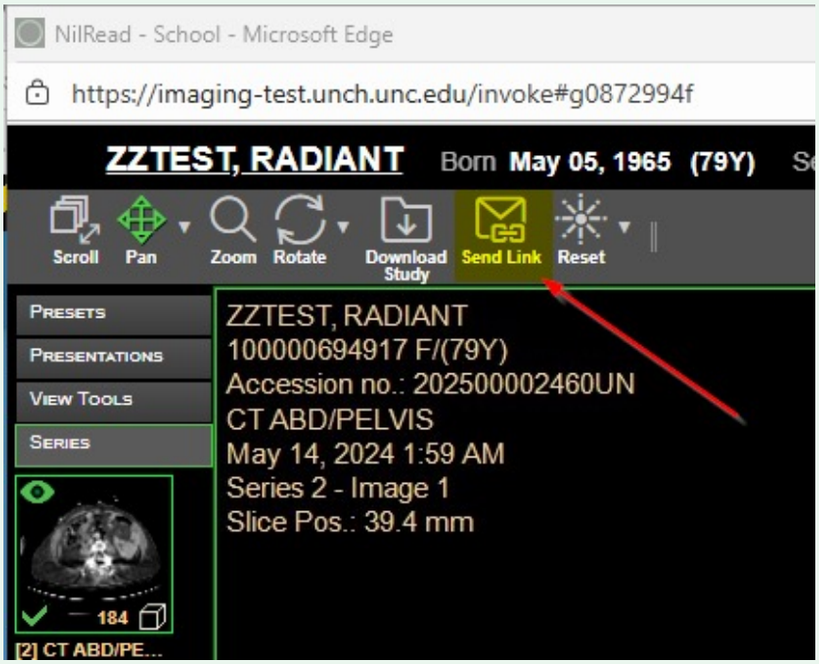

3

You will then see a screen where you will see the results of your exam. Scroll to the bottom until you see **Linked Images.**

4

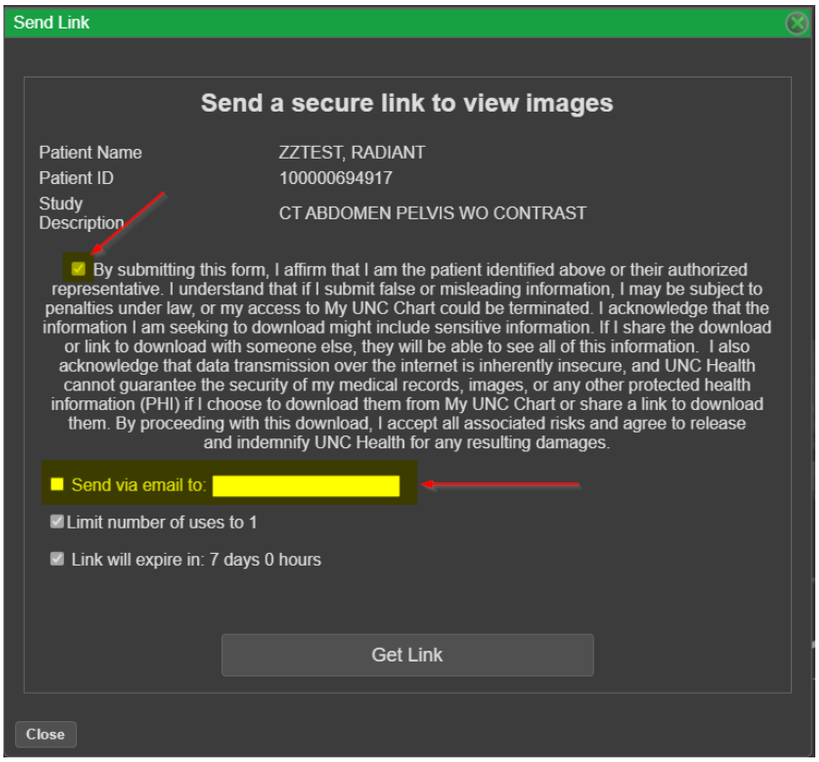

The NilRead viewer will open, and in the top toolbar find **Send Link.**

5

You will see a consent notice pop up. Once you read this, please check the box to the left of the consent. You also have the option to add an email in the "Send via email to:" as well.

Note: the link created will expire in seven days. If taking action beyond the seven days, please recreate link by following these steps.

6

Next you will see the send link window where you have the option to copy the link or send link by the email you placed in step 5.
