

Mammography Locations

The unique breadth and depth of WakeRad UNC REX Healthcare's breast imaging expertise allows us to offer a full spectrum of breast imaging services, from 3D screening and diagnostic mammography, breast ultrasound and Breast MRI to three types of image-guided breast biopsy. All breast images are taken by certified technologists and interpreted by board-certified radiologists who specialize in breast imaging.

NEW! 3D Mammography with iCAD ProFound AI available at all breast imaging locations.

WakeRad UNC REX is proud to have uninterrupted certification by the FDA and accreditation by the ACR since accreditations for mammography became mandatory in the early 1990s. We were also the Triangle's first outpatient provider to earn the ACR's Breast Imaging Center of Excellence (BICOE) designation and continue to maintain that quality standard.
