

Breast Imaging Specialists

WAKE RADIOLOGY OUTPATIENT IMAGING

BREAST IMAGING RADIOLOGISTS

All breast imaging performed at Wake Radiology is interpreted by a radiologist specializing in breast imaging. We have nine breast imaging offices throughout the Triangle, many offering evening & Saturday appointments.

Breast Imaging Physician Hotline: 919-232-4746

Breast MRI Physician Hotline: 919-788-7978

Main Scheduling: 919-232-4700

Option 1 for Breast MRI
Option 3 for all other
breast imaging

Our breast imaging services include:

- Screening mammography, 3D if preferred
- Diagnostic mammography, 3D if preferred
- Breast ultrasound
- Breast MRI-physician monitored IV sedation available
- Ultrasound-guided core breast biopsy
- Ultrasound-guided cyst aspiration biopsy
- Fine needle aspiration
- Stereotactic breast biopsy
- MRI-guided breast biopsy

Common indications for diagnostic mammography:

- Palpable lump or any change in breast exam
- Breast pain
- Personal history of breast cancer
- Nipple discharge

Wake Radiology is proud to be the first outpatient provider in the Triangle recognized by the American College of Radiology as a Breast Imaging Center of Excellence (BICOE).
